

Nineteenth Carved Walnut Panel

650 EUR

Period : 19th century

Condition : Très bon état

Material : Walnut

Width : cadre 38,5cm vue 32cm

Height : cadre 54cm vue 48,5cm

Description

Stunning and elegant carved walnut wood panel. Rectangular in shape, it represents a set of cornucopias, acanthus leaves, finely carved floral urns. This panel is undoubtedly a work of mastery, presented in a black and gilded lacquered wooden frame. Very beautiful decorative element in excellent state of conservation.
