Description
-------------

Column in white hard stone from the Notre-Dame-de-Liesse church in Annecy, dating from 1530, when the large Romanesque bell tower was erected on the occasion of the marriage of Philippe de Savoie-Nemours and Charlotte from Orleans. This column was removed during the restoration of the building at the end of the 20th century. Restoration of the lower part without technical impact, see our last photo. The section of its base is 32 cm squared. You can visit our website: [www.claudeaugustin.com](http://www.claudeaugustin.com)
