Lion And Ass Of Lamp???

135 EUR

Period : 20th century

Condition : Parfait état

Material : Terracotta

Length : 16

Width : 16

Height : 11h

Depth : 16

Description

What a pretty glazed earthenware lion, but what a pity that it has been given the name of end of lamp... Yet it is the right name since this masonry or fireplace insert was used to put a lamp on it...(to oil or petroleum, formerly).
