Description

Very nice portrait of Louis XV, 18th century on his original canvas.

The painting is "in its juice" with a very slight lack of material on the left arm.

A small cleaning would allow them to find the original thieves under the varnish which has a little yellowed.

There are some old little visible repaints and a horizontal crack at the top of the painting without consequence.

The golden wood frame, as you can see in the photos, is 20th.

Format with frame: 56 cm x 45.50 cm.

Visual format: 41.50 cm x 30.50 cm.
