800 EUR

Period : 20th century

Condition : Quelques manques

Material : Solid wood

Description

Very interesting Lobi fetish from Burkina, 59 cm high with the base, good condition, some small superficial termite attacks on the feet. It is a Lobi altar fetish recognizable by its beautiful and typical gray patina and by the significant traces of sacrifices, drippings of blood (usually chicken). The face is very beautiful, well sculpted with the big eyes of the all-seeing one, the clairvoyant ancestor who will be able to answer the shaman's questions.
