Description

Pair of lamps in gilded bronze and bronze with brown patina in the Napoleon III style and period. They are decorated with 2 heads of fauna and a farandole of puttis on the head of the vine in the spirit of Clodion. They are based in cherry red marble protected by a gilt brass plate and surrounded by a row of gilt bronze pearls. Gilt bronze elements decorated with acanthus leaves end up highlighting the medal patina bronze elements through the contrast of patina. The lamps have been cleaned and re-electrified. Ideal for a living room, an entrance or a bedroom. Other pairs of lamps are visible on our site. Late 19th century period Welcome to our store in Nice opposite the Masséna museum and just behind the famous Negresco hotel.
