

Large Chandelier With 16 Arms Of Light In Crystal

30 000 EUR

Period : 18th century

Condition : Etat d'usage

Material : Crystal

Diameter : 90 cm

Height : 180 cm

Description

Large chandelier with 16 arms of light in crystal and gilded bronze forming a cage. The lights are distributed over two levels, alternating with daggers, around a large central dagger drawing the axis of the chandelier. It is topped with a rich layer of tassels. Three branches provide junction and stability by connecting the upper part of the chandelier and the branches of the daggers at the lower level. The chandelier is decorated with tassels of different shapes including plates and flowers as well as a falling ball. Louis XV period
Usual restorations H. 180 x D. 90 cm
