

Wire Kitchen Utensil

220 EUR

Period : 20th century

Condition : Très bon état

Material : Metal

Diameter : le plus grand 44 cm

Height : 54 cm

Description

We present this thing as a curiosity, everyone knows salad baskets from the 20th century (not those under 20!!). So this curiosity on three floors is not common at all. We can imagine the time, the patina and the knowledge it took to develop this thing, in our opinion, by hand. Nothing to complain about, just look at the photos carefully. (E23)
