3 bd Fifi Turin

with gold and pearls, seated almost with her back turned, her face slightly turned to the right and looking at the crown and the fleur-de-lys scepter. placed on a velvet cushion

To her right, a young lady wearing a crown of flowers holds out a rose, symbol of purity and love

To her left, the lady with the starry crown holds out a golden sculpture of Minerva, symbol of wisdom

These three women seem very connected, they look in the same direction, they touch each other (hand behind the back, hand in hand) and seem to share the moment solemnly.

In the background, the curtain opens onto a green interior courtyard, with a large arcade with columns and frieze with lion heads.

The colors are bright, the painting is of quality; the talented artist even integrated gold leaf

This work is signed in the footrest, but the signature is illegible, and is dated 1883

The frame is richly decorated, like marble marquetry

Good condition, old restorations (very well made, visible only at the back) and wear to the frame

Dimensions with frame: 214 x 185 cm

Dimensions without frame: 178 x 146 cm
