650 EUR

Signature : Deruta

Period : 17th century

Condition : Prévoir restauration

Material : Earthenware

Diameter : 14cm

Height : 22cm

Description

Beautiful pitcher, approximately 1 liter, with pinched spout, from slightly bluish white earthenware, decorated of yellow, orange and blue enamels with foliage in bands and borders in 3 colors, on centre, in a round reserve, Christ on cross, above an archangel with outstretched wings.

Beautiful object from an apothecary, Deruta majolica, 17th century.

Concerning condition: bad, it shows an old and clumsy restoration, two repaired gaps (red arrows), and one piece glued back on. Which explains my low price.

Collectors know how much these pitchers are worth in good condition.

Take a good look at our photos. Dimensions: 22cm x 14cm. Weight: 650gr.
