

Rare And Old Tobacco Pot, Folk Art Circa 1880 / Skull Vanity Memento Mori

850 EUR

Period : 19th century

Condition : Bon état

Material : Painted wood

Description

Quick description

Rare and old tobacco pot, popular art around 1880.

Sculpture probably from Germany, in the shape of a skull in what seems to me to be elm.

A snake with glass eyes roams the room, a beautiful symbol of vanity, memento mori.

The flower-shaped fretel is made of cast iron and brass.

Good general state of conservation, very interesting piece.

Dimensions

20cm in height.
