

Pair Of Mermaid Candlesticks In The Renaissance Style

670 EUR

Period : 20th century

Condition : Bon état

Material : Bronze

Description

Pair of bronze candlesticks with brown patina depicting a mermaid with dolphin tails.

Each mermaid holds in each hand a branch ending in a cup topped with a finet.

Very beautifully crafted 20th century work, in the spirit of the candlesticks from the beginning of the 16th century.

These candlesticks are reminiscent of the models made in Nuremberg in the 16th century, and those inspired by Severo da Ravenna created around 1510/1530.

Good condition, drilled for electricity on the base.
