

## Polychrome Wood XVIII Christ

750 EUR

Period : 18th century

Condition : En l'état

Width : cadre 39cm

Height : cadre 53cm christ 40cm

Description
-------------

Christ polychrome wooden crosses Eighteenth presented in a molded frame covered with olive green velvet. Superb quality of sculpture, much remains of the original polychrome, very realistic expression of the face with the crown of thorns. Repairs in the right forearm, but all are in connection with velvet is the most beautiful effect.
