Description

Sumptuous set of 6 cups and saucers in Limoges porcelain from Bernardaud, Chambord model named after the most beautiful castle in France (for me).

Inlaid with fine gold, luxurious border between two pure renaissance style inlays, written on the back and under the cups.

Very little used, no wear and is no longer sold at Bernardaud apparently.

Ideal for serving espresso or normal coffee. The saucers measure 12cm in diameter and the cups measure 5.5cm high.

Delivery possible by registered colissimo with insurance and delivered against signature in an armored package without risk of breakage for:
