Height : tête de bague: 5,35 mm

Description

Bangle ring in 750/°° yellow gold (18 KT, eagle's head hallmark), adorned in its center with a large oval ruby enhanced by a closed setting, surrounded by a paving of eight-cut diamonds set in grains. This sober and timeless ring is above all a very beautiful ring, as its dimensions and weight show. It presents the codes of classic jewelry, through the combination of a colored precious stone (ruby) and diamonds, treated in a more contemporary way. The ruby offers the characteristics of a beautiful stone, characteristic inclusions visible through the effect of transparency in the photos but not very visible when worn on the finger, and a strong color (however difficult to reproduce in photos - this ring deserves to be appreciated in person, in our store). Weight of the ruby estimated at
