Length : 4,20 cm (cornes au même niveau que la boîte)

Width : 4,20 cm

Diameter : 4,20 cm

Depth : épaisseur de la boîte: 1,49 cm

Description

Iconic watch from the flagship of French watchmaking, LIP, NAUTIC SKI model, in steel, with date, from the 70s. The NAUTIC SKI watch followed the LIP NAUTIC model. Particularly robust, it borrows from its previous version a Super Compressor box adapted to nautical activities. Unlike its predecessor, the LIP NAUTIC SKI was developed with an electro-mechanical movement, the counterpart of the movement fitted to the Bulova Accutron across the Atlantic. The presence of this electronic movement is indicated on the dial by a lightning bolt. These specific features are included and engraved on the case back of the watch. Two crowns on the case are used to set the time, on the one hand, and to operate a bezel positioned inside the watch, on the other hand,

which was an innovation on the more fragile exterior bezels because they are more exposed. The multi-colored dial is very representative of its time. The watch is signed, on its dial, on its caseback and on its movement, and numbered. In perfect condition and serviced, its proper functioning is guaranteed by us for one year (except in the event of shock or immersion).
