

China Porcelain Plate

280 EUR

Period : 19th century

Condition : Très bon état

Material : Porcelain

Diameter : 22,5 cm

Description

We present this beautiful porcelain plate from China. The gilded edge and a decoration of flowers and an insect, very good condition. On the back you can see a hair but it doesn't stand out on the main side and we can assure you that nothing has been done to hide anything. (E23)
