1 100 EUR

Period : 18th century

Condition : Bon état

Material : Bronze

Length : 50 et 33 cm

Height : 25 et 23 cm

Description

Important pair of bronze putti with brown patina from the 18th century, each holding a coat of arms whose attributes have disappeared (perhaps during the revolution) making it impossible to identify them. One is fixed resting on original plate, on which foliage and flowers run. The second is independent. The whole thing was probably dismantled from an important gate, chapel or other... Very beautiful object, extremely decorative (provide a base on wood, iron or other...). Very good general condition, with some minor normal wear. Dimensions: 25 X 50 cm, and 23 X 33 cm. Weight: 5Kg.
