

## Map Of The City Of Vienna And Its Surroundings

360 EUR

Signature : Georges-Louis Le Rouge

Period : 18th century

Condition : En l'etat

Material : Paper

Width : 56 cm

Height : 38,5 cm

### Description

Interesting plan which shows the defenses and surroundings of the capital of the Habsburg Empire around 1742. The course of the Danube, which has not yet been tamed, with its numerous arms and islands is particularly interesting to observe. Traces of original folds and some foxing, otherwise good condition. Without frame.
