

Chandelier Atelier Petitot

750 EUR

Period : 20th century

Condition : Etat d'usage

Material : Copper

Width : 75

Height : 75

Depth : 37

Description

Art deco chandelier attributed to the PETITOT workshops, created in 1919 by Henri PETITOT. This chandelier is typical of workshop manufacturing but is not signed or marked as is often the case. The festoons imitating sandblasted glass are made of plastic, which is revolutionary for the time. Delivery on quote
