Description

Important painting representing a lively mountain landscape. In the center, an aqueduct descends from the mountain supplying a lake. Below it, characters walk along a path, several fishermen are on boats, a washerwoman is also present.

Very beautiful atmosphere and scene of everyday life from the end of the 19th century. Our oil on canvas was mounted on a plywood panel probably at the end of the 20th century in order to reinforce it. Note some wear and slight lack of material at the sky level, without impact on aesthetics (see photos). Dimensions: width 73.5 cm height 95 cm Shipping costs contact us.
