Description

Oil on canvas 18th century Dim without frame 63/48cm Dim with frame 85/71cm Dutch school
Very beautiful light on this seaside landscape, in the taste of the Dutch masters of the 17th century, the stormy sky, the clouds, the contrast give a very realistic rendering. This painting does not leave one indifferent, the atmosphere of the beginning of the storm is very well rendered. The quality of the painting is there, a lot of finesse in the execution, a very careful attention to detail. The eye wanders through this painting as if we were there, from the foreground with these characters, to the last, this distant city and its bell tower.
