Description

Ring signed FRED from the emblematic FORCE 10 line evoking the world of maritime sports. Indeed, the steel cables present on the jewel refer to marine cables, while the motif in 750/°° yellow gold (18 KT, eagle's head hallmark) makes it a piece of jewelry, adorned with three brilliant-cut diamonds. In order to maintain their cable nature, the three rings are separated from each other. The yellow gold motif evokes the knot shape well known in jewelry and feminizes the jewelry. The ring is signed with a FRED Froce 10 engraving, is numbered, and bears the jeweler's maker's mark. Total weight of diamonds estimated for approximately 0.13 ct Gross weight: 3.96 g Finger size: 54 - not modifiable (current diameter 1,80 cm / US size 7) Condition: imperceptible micro-scratches on the ring body,
