

Pair Of 17th Century Candlesticks

380 EUR

Period : 17th century

Condition : Très bon état

Material : Bronze

Height : 50 cm

Depth : 15 cm

Description

Beautiful pair of 16th century bronze candlesticks. It consists of a baluster foot on a triangular base. The model is still archaic, the decoration of the foot still evokes the Middle Ages with the ribs of the feet, as well as the concentric patterns of the candle holder cups. Beautiful turning marks as well as a beautiful skin of the metal. Minimal differences reveal the hand finishing of each piece, according to the custom of the time.
