

## Rooster From The 1960s/1970s

1 300 EUR

Period : 20th century

Condition : Parfait état

Material : Brass

Width : 72 cm

Height : du coq 64 cm, de l'ensemble 161 cm

Depth : 36 cm

### Description

We present this sculpture from the 1960s/1970s representing a rooster on its iron perch with a wooden base. The rooster itself is made of brass. It is certainly a work by Pierre MAS ROSSI, sculptor from Saint Etienne who died a few years ago (3 or 4 years), I knew him very well, he had studied fine arts in Saint Etienne. Superb condition. (E23)
