Description

Description:
painted and gilded porcelain.
These large vases are colored with a blue background close to celestial blue.
Chain link motifs enhance a cartouche presenting a woman from Antiquity. We are of exceptional quality, the golden patterns are enhanced with lighter gold threads and interlacing. The portraits are of a miniaturist quality.
Matte blue is rarely used due to the technical difficulty of its application and its fragility.
As here, Antique pottery has often inspired the great porcelain makers of Paris.
Condition:
Excellent condition for this type of object. Porcelain and decorations intact. Some usual halos on the blue background of one of the two
