Description

Old collector's violin We are offering for sale this pretty instrument, very old and unfortunately in very average condition. This is a violin from the beginning of the 18th century (1708) and which bears the label of a luthier named CAGLIANO, it was exactly called GENARO CA GLIANO and would be Neapolitan. In any case his violins are considered the Naples school. All of this violin making is nice. It needs to be overhauled by a real professional. I was asking 1000 euros for this collector's item, but I have now lowered my price to 700EUR and it will remain a firm price.
