### Description

Important balcony railing, forged at the end of the 18th century in Neo-classical style, in perfect condition. It is decorated with a sunflower flower in its center flanked by two panels with intertwined curves linked to a play of circles, and two panels with diamonds between two uprights decorated with Greek motifs. An upper frieze, under the handrail, is adorned with a play of diamonds and its lower frieze is in cast bronze capping a series of inverted volutes. The whole is mounted in half iron, assembled by mortises and tenons and by flush head rivets. A balcony return panel completes the set, as well as a curved element (8th and 9th photos). The body height is 102 cm. The length of the panels: Lg Sunflower panel = 74.5 cm Lg 5 round panels = 204.5 cm Lg diamond panels = 129 cm Lg vertical Greek
