

Important Medici Vase In White Carrara Marble

3 800 EUR

Period : 19th century

Condition : Restauré par notre atelier

Material : Marble

Diameter : 63 cm

Height : 89 cm

Description

Important Medici vase in white Carrara marble with gadrooned body, cut at the beginning of the 19th century, pierced right through. Two restorations were carried out in our workshop, one at the collar and the other at the shower foot where some residual traces of rust due to an old restoration should be noted, see our last two photos. The surface area of the bases is 37.5 cm squared. You can visit our site:
