Description

Important rectangular mirror in gilded wood to be placed vertically or horizontally. It presents a frame, with multiple moldings, with frieze motifs of medallions, in the outer perimeter, pearls on acanthus leaves and floral garlands. The interior rim is decorated with a Renaissance rosary made of angel wings and shells. This important mirror is dark with original mercury glass. We can only admire this mirror in the room which will be intended for it, and recognize the harmony of its decorations. ******** Period: 1st part 19th century Very good condition. Normal wear of the glass relative to its age. Delivery possible, in France and Europe, by our partner specializing in the transport of furniture and works of art. Dimensions: Width: 87.5 cm Depth: 5 cm Height: 118 cm Ref: 040723
