6 900 EUR

Period : 20th century

Condition : Restauré par notre atelier

Material : Painted wood

Width : 55

Height : 87

Depth : 47

Description

6 chairs with a fantastic, striking design and clear lines. The tapered backrest with its ergonomic shape makes the chair extremely comfortable to sit on and reaches down to the floor, replacing the rear legs. The seat cushion and the front legs, which are set slightly outwards, are very striking. But almost all the lines also make use of the curves and soften the straight lines somewhat. Solid beech wood restored with black piano lacquer. Upholstery renewed and covered with Hermès color leather.
