Description

Curved Louis XV-Louis XVI Transition style chest of drawers, vintage late 18th century. This cherry wood piece of furniture has 4 drawers, two small and two large. The sides are paneled, the legs are shell-shaped at the front and back. We notice the uprights of the feet carved into a ribboned lictor's bundle, as well as very beautiful sculptures all over the facade. Some brass elements have been replaced, so not all of them are from the period. Delivery quote on request, specifying the city.
