Description

Charming Provençal mirror called Beaucaire mirror in gilded wood in house condition. always sculpted in a slightly naive way, these mirrors are very easy to place and very decorative.

the gilding has some small gaps visible in the photos as well as the tin slightly damaged in places which gives it even more appeal, that of age.

it has retained its original legs, the assembly is made using miter cuts and the pediment suggests a flowered basket.

the rear board must have been changed over time. a charming little Provençal mirror that is very easy to place.

think about your little Christmas presents!!!
