Description

Portrait of a young woman, circa 1800
French school of the 19th century
Portrait of a young woman just out of adolescence, the tulle and lace scarf suggests the neckline through transparency. The typical hairstyle from the beginning of the 19th century suggests a young girl sensitive to the fashion of the moment.
Pastel on paper, 50 cm x 38 cm
Palmette frame in gilded wood, 58 cm x 45 cm
