Description

Oil painting on wooden panel. This work is a portrait of a lady aged around forty. Mid-length blonde hair, black blouse with a long embroidered collar, this woman wears a tiara around her neck. This painting is presented in an oval frame with strong moldings and pearls around the inner rim. This frame is gilded with leaf and decorated with engraving of leaves and flowers. The word "authentic" is undoubtedly the adjective that will best describe this painting of this unknown woman with a mysterious and deep gaze. ********* Period: Mid-19th century Excellent condition of the frame, cracked paint on wood.
