20 , 1879 .

He is considered one of the main representatives of animal sculpture in the 19th century .

Pierre-Jules Mêne produced many animal sculptures , particularly in vogue during the Second Empire , like Antoine-Louis Barye , Auguste Cain , Pierre Louis Rouillard and , later , François Pompon .

Mêne specialized in small bronzes , and did not produce works for public statuary .

His animal subjects have enjoyed great popular success .

Exclusive publisher of his works , the perfection of his productions is widely recognized .

He is revealed , with Barye , as the one whose success has been the most constant , and this over the longest period .

Pierre-Jules Mêne appears as one of the best wax practitioners of his time .
