### Description

Superb art deco period chandelier, composed of a bronze frame supporting 4 plates and 4 tulips in molded glass with art deco motifs. It is lit by its 4 tulips and 2 bulbs in the center of the luminaire, the electrification is old but works perfectly. The whole is in good condition, the bronze frame is patinated by time, I would like to point out a small, almost invisible lack on the top of one tulip (see photos). Maximum height: 89cm Diameter: 65cm Contact me for transport in France and around the world.
