

Walnut Slope Desk

550 EUR

Period: 20th century

Condition: Très bon état

Material: Wallnut

Length: 80

Width: 56

Height: 135

Description

Walnut sloping desk from the turn of the century. This piece of furniture serves as a writing desk in a standing position with a surface that can be horizontal, thanks to a key located inside. This piece of furniture is reminiscent of an auctioneer's desk who officiated outside his office. the drawer lock works. This piece of furniture is strangely stylized with its scrolls on the front and on the sides although very rustic overall. In a perfect state.
