

Pastel Child Portrait.

780 EUR

Period : 19th century

Condition : Très bon état

Material : Pastel

Width : 60cm cadre

Height : 69cm cadre

Description

This 19th century Pastel (under glass), which represents a very young child with blond hair, is truly superb and in perfect condition (only a few small losses on the frame, see photo)). There is no visible signature, perhaps under the frame. I didn't want to take it apart.
