Description

Hydria, Greek vase with three handles.

Magna Graecia, Campania

4th century BC

Height 22 cm.

Black glazed terracotta with red-figure reserve decoration. On the body it presents a profile of a maenad typical of the production of this period, flanked by scrolls on each side under the side handles with a large characteristic palmette under the central handle. The shoulder is decorated with four symmetrical palmettes topped with a frieze of eggs on the collar, a motif repeated on the lips of the collar with a row of stylized eggs.

condition: minimal accidents, cooking defects, deposits and concretions, no restoration or major accident, small chip on the lip, very good condition of conservation for the period, beautiful
