Description

So-called flying living room table because it has handles on the sides allowing you to move it as you wish. Louis XV style, it is made of rosewood veneer and the center of the top receives a diamond decoration in rosewood curling. The entire table is highlighted by brass rushes and small bronzes. The varnish is a little faded, sunk into the top... but it is a very decorative table in the style of Linke's creations. Low non-negotiable price. Late 19th century period. Given the fragility of the feet, delivery only in wooden crate on pallet by carrier in the DRC to your home, 200 euros in France, 500 euros in the EU and 1000 euros rest of the world.
