Description

Antique jewelry from the beginning of the 20th century, pendant representing a small wicker basket entirely made of braided and knotted gold wire, small fine pearls are set inside giving the illusion of a basket filled with fresh eggs. Period: 20th century Main material: yellow gold, 750 thousandths, 18 carats, eagle's head hallmark. Bead diameter: approximately 2/2.5 mm. Proportions: Height: approximately 2.7 cm, width: approximately 1.5 cm, thickness: approximately 4 mm. Net weight: approximately 1.7g. Authentic old jewel - French work from the beginning of the 20th century. Our opinion: Very delicate, this little basket will mischievously adorn a pretty yellow gold chain.
