Description

Louis XV style daybed or alcove bed in gray painted wood.

The high bedside tables are very broadly curved, the crook on the front ending in a sculpted foliage motif.

The rear side of the butt is flat, which suggests use in an alcove or its use as a sofa placed against a wall.

The front of the bed is also very curved.

The crosspiece which highlights this curve is very sculpted with a floral cartouche in its center.

4 scalloped and curved feet on the front and 4 feet on the back of the bed ensure perfect stability.

The 2 front and rear crossbars accommodate a good-sized box spring (181cm x 72cm) which can be used as an extra bed.

The whole thing is in very good condition and is
