Description

Bronze signed by Medardo Rosso. This model, which he repeated several times, exists in several versions. The bronze comes from a private collection established in the 1960s, which also included other works by well-known artists. Unfortunately, it is not possible to go further, as the heirs did not want the provenance to be published. As our gallery does not specialize in this genre and it was not possible to obtain corresponding documentation, this bronze is offered without additional paper and is sold as a not authorized copy. The price offered here takes this into account.
