& Antique, Modern, Contemporary Carpets

Traditional cleaning at Galerie Lissier is carried out by hand from A to Z. Our attention to old tapestries & carpets before cleaning them: - Each piece has its colors. One of the main difficulties is to recreate, for old tapestries, colors which no longer exist commercially. - We make the colors ourselves using organic plants, as in the old days. - We only work with appropriate wools, while respecting the weaving techniques specific to the origin of each piece. ARTISANAL CLEANING: - Old-fashioned, modern or contemporary
