### Description

Very beautiful sculpture in patinated bronze base on wood representing a couple, superb design!  
High quality !! Quite heavy and very stable!  
Visually very artistic! Probably from a great sculptor's hand, given the final result! Elegant!  
Sober! Launch! Light to look at! Great class for this bronze! Incredibly thin despite its dimensions: 36 cm in height by 8.5 cm in width for 3.5 cm in total thickness - diameter of the base: 11 cm. Do not miss ! Magnificent work of art!
