Description

Bronze sculpture group of dancers in patinated bronze from the 19th century. Very interesting set representing a man with a cigar holding the hand of his partner in a wild dance. Lovely quality of the modeling and very beautiful patina for an unusual and good-sized subject around a match receptacle. We are surely in the presence of an exceptional pyrogen marked on the base: Polka Parisienne. Fun detail, the dancer's hat is removable. Possibility of sending in France and throughout the world by secure package.
