Pair Of Large Renaissance Style Wall Consoles In Polychrome Plaster, Statue Supports

1 390 EUR

Period : 19th century

Condition : Etat d'usage

Material : Plaster

Width : 44cm environ

Height : 45cm

Depth : 40cm environ

Description

Imposing pair of Renaissance style wall consoles forming bases for statues. These consoles are in polychrome plaster in the colors pine green, red and gold. The ornamentation is richly worked. These wall lights are in good general condition but show wear (lack of paint and some small material skips) on all of their decorations (see photos) giving them a lot of charm and a beautiful old patina.
