Description

Exceptional set of chrome-plated bronze bathroom accessories, "trimmings" model, in the style of Maria Pergay and Maison Baguès. Each accessory is richly decorated with flower-shaped cabochon(s) and pompoms. The tablet supports are held in place by two large screws whose head in the shape of a stylized flower is finely chiseled (see photo). Splendid model that remains very current and has not been published for years (see the period photo 12 of a worker shaping the pieces of the series); very beautiful material and neat finishes. Some pieces have retained the original hand-written labels mentioning the model reference, one piece has kept the paper sticker on the House's green background (see photos).
