

18th Century Wooden Architectural Elements

180 EUR

Period : 18th century

Condition : Bon état

Material : Solid wood

Length : 60 cm

Width : 14 cm

Depth : 3 cm

Description

We present this pair of carved wooden architectural elements decorated with leaves and flowers with Ionic capital tops. This pair bears some marks from time but remains in good condition. These two elements could come from an altarpiece, or a tabernacle, we date them to the end of the 18th century. For delivery please contact us.
